News from the Classes

KS1: Welcome back to the final half term of this school year! As the sunny weather appears to have returned we can venture outside more again, so please remember to apply or supply sun lotion. Thank you! This week we have had great fun with our Punch and Judy puppets and have been performing plays in our homemade theatres! Year 2 have been presenting their knowledge on nocturnal animals to the rest of the class, in the style of a reporter.

KS2: If you need any hints on what to do in an emergency then year 6 are the people who know! At Crucial Crew this week they learnt how to deal with problems and what to say in a 999 call in different scenarios. While year 5 have been catching up (the consequences of Peat Rigg!) the class have been Egyptian problem solving. A bit confusing because hieroglyphs go the other way round! The Pyramid DT challenge was re-run with strange structures, but not yet completed (well it did take the Egyptians over 20 years to finish them). Years 5 and 6 had their first introduction to ChildLine in an assembly on Thursday. The ChildLine representatives will follow this up with a workshop on 25th June.

Banning of Football Cards

Despite warnings, the Football Cards are still causing trouble so they are not now allowed to be brought into School. If any are seen in school, they will be confiscated! Thank you.

Music Lessons

Mr Cross, NYCC Music Teacher who comes into school on Thursday mornings, currently has vacancies. If your child is interested in learning a woodwind instrument, guitar or keyboard please let us know and he will have a word with them when he is next in.

Proposed Reductions in Bus Subsidy

Mrs Nicky Moseley, NYCC School Transport Officer, has asked us to bring the information below to your attention:-

"We are undertaking a countywide consultation relating to Local Bus Transport Services in North Yorkshire. Our proposals can be found at www.northyorks.gov.uk/bussubsidy

I should point out that this does not affect pupils who are entitled to free home to school transport. However, some parents may wish to participate in the consultation. Others will need to be aware of the plans so that they can check it does not impact on them if their children use any of the fare paying services which may be affected by these proposals"

New List of Dates up to Summer

Please find on the reverse an up to date list of activities up to the summer holidays.

Next Week
